MOTION OF CTIA FOR PARTY STATUS

Pursuant to Rule 1.4(a)(4) and 11.1 of the Commission’s Rules of Practice and Procedure, CTIA hereby submits this motion for Party Status in the above-captioned proceeding considering regulating telecommunications services used by incarcerated people. CTIA, The Wireless Association, is comprised of members who provide mobile wireless services in California. Although the OIR and Assigned Commissioner’s Phase II Scoping Memo and Ruling issued on November 29, 2021 (“Ruling”) do not suggest that the Commission is seeking in this proceeding to regulate mobile wireless services, the Commission seeks briefing in the Ruling that pertain to other services offered by wireless service providers, including text messaging services and internet access services. Therefore, CTIA’s members will be directly affected by the outcome of this proceeding and thus it wishes to participate as a party.

Granting CTIA’s motion will ensure that the Commission has a full and complete record on which to determine the changes to be made to Commission rules pertaining to telecommunications services used by incarcerated people in California, if any.

WHEREFORE, CTIA respectfully requests that it be granted party status in this proceeding to enable CTIA to more fully present its concerns and recommendations.

Respectfully submitted February 3, 2022, at San Francisco, California.
